

M20 FastBlast Electric Jetter

The M20 FastBlast is a versatile jetter that includes a transport cart so you can move the jetter with larger or longer hose in one trip. Customize it with ¼" hose and reel and be ready for jobs in up to 4" lines. It can be used with 15 amp circuits (1,200 psi).

- **2 HP industrial motor** powers up to 1,500 psi cleaning pressure and pulling for smaller lines.
- **Quality AR pump** has thermal protection, a pulse valve assists in bends and navigating difficult areas.
- **Ball valve** on reel controls water flow.
- **Remove pump/motor unit** to get into tighter spaces.

The M20 is ideal for opening grease-choked or frozen lines.
