

MV84 At-a-glance

LINE SIZE 3" - 10"

MOTOR Gas – 800 cc
w/ electric start

PUMP 8 gpm @ 4,000 psi

All MyTana portable jettors feature:

QUALITY, RELIABLE PUMPS AND MOTORS with thermal protection and accessible controls

PULSE VALVES on all pumps

RUGGED FRAMES which emphasize ergonomics, portability, maneuverability, and stabilization during operation

EASY MAINTENANCE on all components (parts are available for field repairs)

MV84 Dual Cart Gas Jetter

The MV84 is a portable cart jetter with trailer jet power. A robust 800cc Honda motor and a super duty AR pump let the system deliver 8 gpm at 4,000 psi.

Separate jetter and reel carts allow indoor jetting or getting to difficult access points. The jetter cart features:

- **Honda motor** with remote start/stop and throttle control.
- **Positive displacement pump;** belt drive reduces wear and tear on pump and motor.
- **Accessible controls** and hand brake.
- A 12 gallon **supply buffer tank.**

The hose cart is equipped with 250' of 3/8" pressure hose and a 50' jumper hose. A ball valve on the reel controls flow.

The MV84's portability and power can be a game changer for your business.

Powerful. Reliable. Maneuverable.

MyTana jettors are manufactured in the USA and include factory-direct support.
